× Done

As a parent I want to be able to create an application when I am logged in into Czechitas application so I can register my kid to existing Czechitas course.

In order to create application as a parent ("Rodič"), the user must be logged in with account with such role. Admin or master admin can also create application:
DATBP253-15: Master admin/admin application creation TO DO

When a parent ("Rodič") is creating a new application, he/she must choose from defined categories (described in DATBP253-31: Application categories TO DO), once a category is selected, user clicks on create application button ("vytvořit přihlášku") and is transferred into application form, which includes following fields:

- Category (not editable)
- Term * - dropdown allows to select dates predefined in admin section "Termíny" (more in DATBP253-11: Application terms TO DO)
- Name and Surname of legal representative *
- Student name *
- Student surname *
- Date of birth * - student must be at least 4 years old at the time of application creation
- email address of legal representative * - field with email format validation
- Payment options * - radio button offering "Bankovní převod", "Složenka", "FKSP", "Hotově"
- Health disabilities - checkbox, if checked a field for leaving a note is displayed
- Note
- Checkbox to agree with general conditions and GDPR *

All fields marked with * are required

If form is successfully validated, user is notified that application was successfully created and is moved into the application detail. See more in DATBP253-16: Application list TO DO
